2ND MAY LITTLEHAVEN BEACH 10AM

We're hosting a protest against the continued pollution into the water ways with @shieldsboardriders. There's been a lot of press about littlehaven being designated as a 'no go' beach. Come down and learn more about what this actually means (the water quality varies enormously), why this is, how you can stay informed, and what we can do to change it. We'll give a little hint now... it involves decades of allowing raw sewage to pour into our river by @northumbrian_water @northumbrianwater while they are charging us for the pleasure.

2nd May 10am Littlehaven Beach! Bring a friend or two.

We need loads of people there to show how much our beach and water mean to us, and to collect some data on how people use the beach and water and how this pollution affects them.

We did want to coincide this with the @surfersagainstsewage [Surfers Against Sewage](#) big paddle out on the 16th May but with the local elections on 7th May we wanted to bring it forward to push this to the front of any candidates mind. We invite any of the candidates to please come attend.

We also invite @emmalewellmp [Emma Lewell MP](#) to come join us to hear what's happening on our coast and take this back to parliament where we need our lawmakers to make meaningful changes to the law.
